

# GRADE 7 2023 TOUR TO KWAZULU-NATAL

**BISHOPS**  
DIOCESAN COLLEGE

*inspires individuals*

## MESSAGE FROM THE HEADMASTER

I know that the Grade 7s are very excited to be going on tour. Six nights for the first time as a group, in another province, being hosted by families in two different cities; all in all a completely different experience to anything they have had before. It is a wonderful opportunity to grow in independence and become more self-reliant: essentially, a very good growing up experience.

The programme is varied, including as it does sports fixtures, music concerts, history, culture and adventure. This tour gives every boy a chance to tour and represent his school in different activities and at every level. It is the one definite opportunity every boy has to represent his school and we started this tour in 2009 to ensure just this. Over the years boys have frequently described this trip to Kwazulu-Natal as the highlight of their Grade 7 year, or even their Prep years.

Grade 7s, I wish you a happy and exciting time away. Make the very most of it. If there are difficult moments, you will get through them and learn from them. Look after each other, ensuring that you are part of making this a happy time for every boy.

Enjoy!

GREG BROWN

# TOUR ITINERARY
